

Announcing....Australia and New Zealand!

I am leading a delegation of court reporters to Australia and New Zealand in September 2014. I'm very excited about the opportunities to examine our profession in these countries while we share and learn from our counterparts.

People to People Citizen Ambassador Programs has been coordinating these face-to-face exchanges for nearly 50 years, and they have arranged for us to enjoy facility visits, informal social events, and roundtable discussions with our fellow court reporters.

Please consider joining me as we encounter remarkable people and places on a one-of-a-kind journey that fosters global collaboration!

People to People Citizen Ambassador Programs will also arrange a special schedule of cultural activities for your spouse or guest.
