

This is the ASR translation.

Q Ms. [REDACTED] I'm Attorney John [REDACTED] I represent [REDACTED] At any POint in time, if you don't understand the question I'm asking, please ask me to re-say it. And if you need to take a break, please let me know. I'm not here to play gaucho or anything else. What I'm here to do is try to understand because I don't know the type of services and how the program works in relationship to [REDACTED] child, and what would be best for the children and how that fit together.

PARAGRAPH: So I would welcome, just so you know, if I ask something incorrectly and you want to correct me, do. If I'm kind of getting near something but I'm not quite on target, if you want to kind of guard me to the target, that'd be good. There's no eggo here, maam. I'm just trying to understand and you're the expert and I'm not. Fair?

A Fair. I wouldn't say I'm an expert, but I'll give you all I've got.

BY MR. SCHMIDT:

Q Fair enough. Well, that's the best I got. So at the present time, are you seeing -- are you providing services to [REDACTED] child?

A Yes. Too therapists are.

Q Yourselfes and who else?

A No, it's not me. I'm just the office manager. See that's why I was little confused why you all wanted me, but I can look at the records --

Q Okay.

A -- and tell you.

Q Fair enough. Are you familiar with the program and how the program works and whats required to get a referral and the like?

A Oh, yeah. Yeah.

Q Okay. So it's my understanding that this child is developmentely delayed at this stage and on speech is at the 18 to 20-month old level and will be turning three soon. So is, you know, I don't know, 15 months behind, a little over a year behind?

A If -- I have to go through this report and look and see, I'm not a therapist. So to diserne some of those figures, I have to be able to decipher this report that I'm looking at. Lets see. Give me just a second, okay?
