Zoom Gadgets

iKKEGOL PC USB Triple Foot Switch Pedal

1. Right pedal programmed to mute/unmute myself
2. Middle pedal programmed to turn video on and off
3. Left pedal programmed to take a screenshot

Logitech K400 Plus Wireless Touch TV Keyboard

Built in pointer pad

USB Switch, ABLEWE Aluminum USB 3.0 Switcher

1. Allows you to use one keyboard for two laptops/devices

Adjustable Laptop Stand

Angle & Height Adjustable

Adjustable laptop stand

Different height adjustments and tilt adjustments

Folds to nearly flat

Speakers for in-person participants to hear remote participants on ZOOM

2-way USB sound adapter (plug into CAT computer)

USB cable for speaker power

SP-SPSC-7 patch cable

2-way USB sound adapter (plug into ZOOM computer)

High-Gain omnidirectional microphone (double mic also available for large conference tables)

Headphones for court reporter

Place microphone(s) near in-person participants

Sound Professionals Zoom kit for two computers

Works great on Zoom jobs but also flexible enough to be used on-site for videotaped depositions

PChero 3.5mm Male to Female Stereo Audio Extension Adapter Cable with Volume Adjustment Control

1. Allows you to quickly adjust headphone volume

On-site
depositions

Portable Laptop Computer Stand Desk Table

- Compact
- Lightweight
- Folds to near flat

Electriduct 3" SafCord Carpet Cord Cover

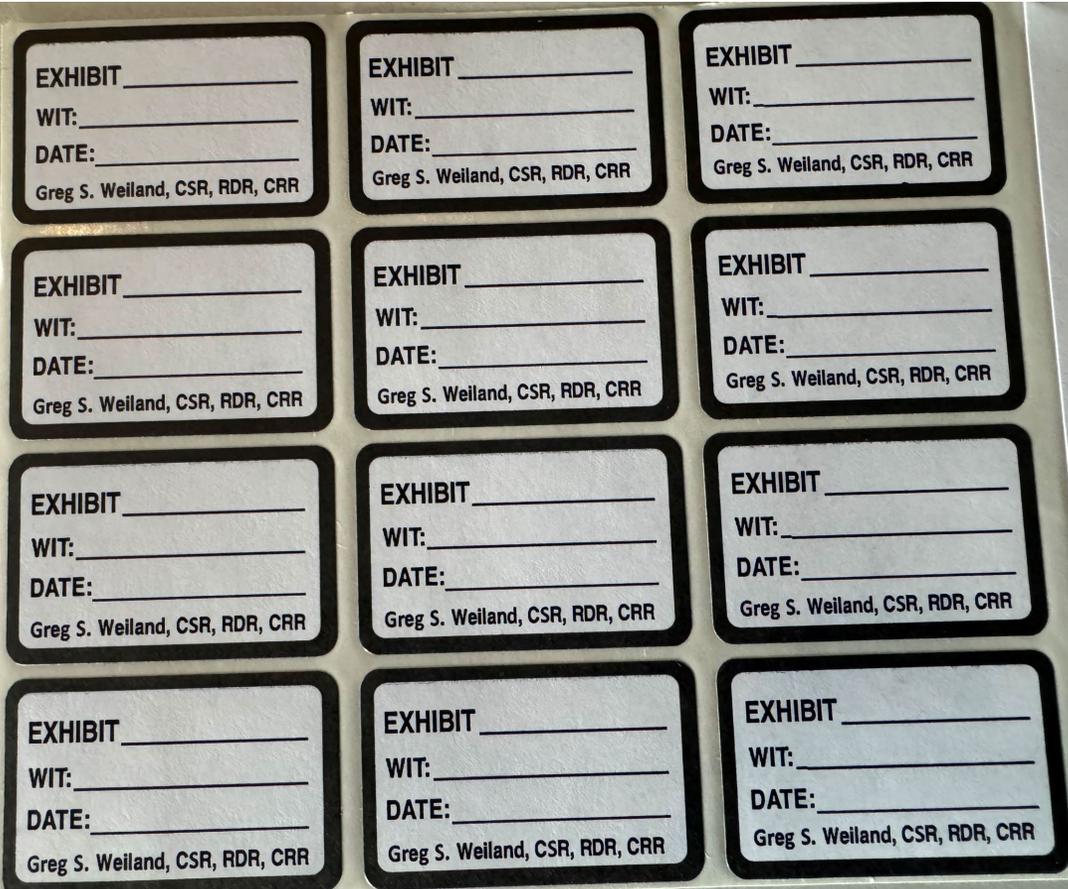

Dymo LabelWriter 550

I only use this if I know I'm going to be marking lots of exhibits.

Personalized exhibit labels

I ordered these from pengad.com

14 in 1 USB-C Docking Station

Dual monitor laptop dock with 2 HDMI, VGA

5 USB hubs – USB 2.0, USB 3.0 and USB 3.1

USB-C

Ethernet plug

SD and MicroSD slots

Headphone slot

Keyboard skin

Helps keep your keyboard clean of dust and particles, has a cushy feel, and lessens keyboard noise when typing

3 in 1 Magnetic Wireless Charging Station for Apple Devices

Foldable for easy transport

All in One Portable Charger

AC Plug

1

USB &
USB C

2

Type-C &
Micro USB

3

For iPhone

4

VEGER Portable Charger
with Built-in AC Plug and
Cables

I like the convenience of having the plugs and cables built in. I carry two of these as a backup power source if my iPads' batteries start dying toward the end of the day.

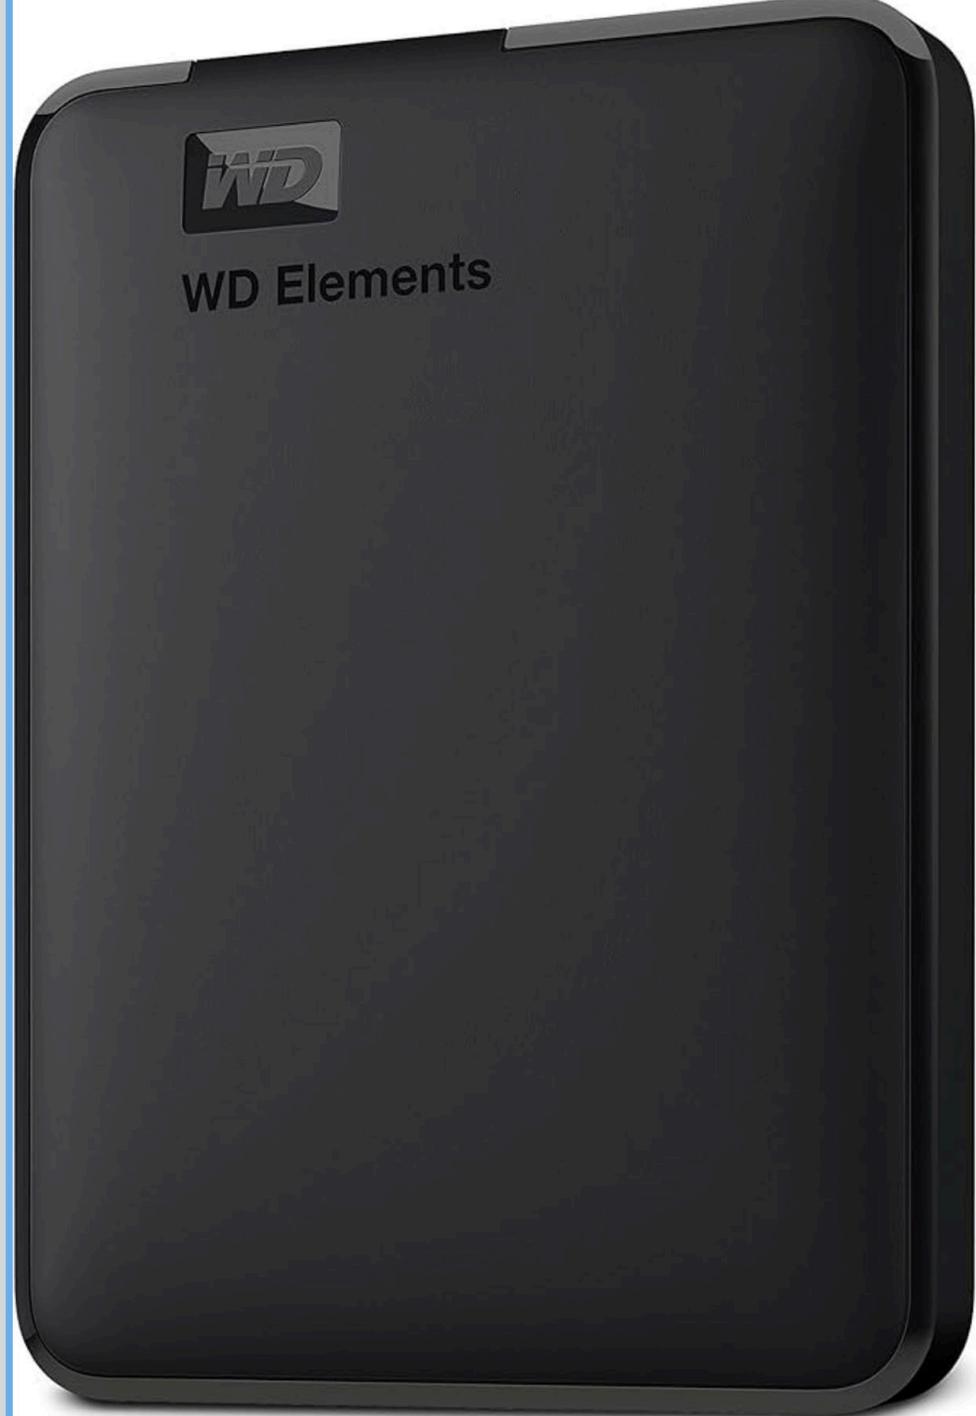

Personal USB fan

This also works in the battery pack

Compact tote bag

This is great when you have a lot of exhibits to bring home.

WD 4TB Elements Portable External Hard Drive

BACK UP CONSTANTLY! You deserve the peace of mind!

Use online storage – e.g. Dropbox – after every job.

Telescoping Magnetic Flashlight Pick Up Tool

Not a court reporting tool but comes in handy if you have the dropsies like I do.

Keep spares of
everything
important

1. Power adapters
2. Critical cables
